

CREATE • MAKE • LEARN

Get Inspired

Get inspired by stories and examples of learning through creating and making from our CML community. Each year we curate inspiration from our community of educators, makers, and artists who are passionate about hands-on minds-on learning through creating and making and share them on [our blog](#) or in [our newsletters](#).

Maker Residency & PD

Invite Lucie and her maker tools and supplies to your school to work with teachers and students. We'll create a custom experience that that engages your students and staff in learning through creating and making. Here are [some past STEAM and MAKER residencies](#).

Workshops & Professional Development

Join creative colleagues of all levels from newbies to advanced makers to create, connect, learn new skills. Join the Create Make Learn community for workshops, summer institutes, or custom PD in your district. Leave feeling inspired and filled with new skills, new lesson ideas, and new friends. [Inquire about upcoming opportunities.](#)
